Describe your actions. Encourage your child to describe actions.

- Help your child to learn how books and writing works: Let your child turn the pages of the book and open the flaps; from time to time, run your finger along the print as you read the words.
- Ask questions about the pictures to help your child reason things out: What animals did you find under the flaps? Which animals were eating their favorite foods? What's your favorite food?
- For more fun with your child: Hide some objects in the same ways as those in the book (behind, inside, under) and help your child find them!
