

ParentChild+ is an intensive home visiting program for families with children ages 2-4 that supports families with school readiness, parenting skills and child development—at no cost to the family. It helps children from communities that are underserved bridge the opportunity gap and prepare them for success in school by bringing highly-trained early learning specialists into the families' homes for twice-weekly visits over a two-year period.

GOALS & OUTCOMES: MEETING AND EXCEEDING OUR GOALS

We are proud to report that we **met or exceeded** our goals across all three outcome areas.

GOAL 1: CHILDREN ARE READY FOR SCHOOL

✓ **89%**

children demonstrated age-appropriate development within six domains as measured by the ASQ and ASQ-SE developmental screening tool

✓ **93%**

of first year & **97%** of second year participating children showed increased attention span and ability to listen to books being read for a sustained period

✓ **90%**

of first year & **96%** of second year showed increased ability to take turns and tolerate frustration

GOAL 2: CHILDREN LIVE IN SAFE, STABLE, NURTURING ENVIRONMENTS

✓ **93%**

of families showed progress in demonstrating positive, responsive parenting techniques with their children

✓ **92%**

of families showed an increase in parent/child communication techniques that promote language/literacy skills of children

Staff provided

2,111 referrals

(an average of 8.1 per child), which helped families connect to needed resources such as assistance related to housing, transportation, food security, legal aid, educational and employment-related services, and more

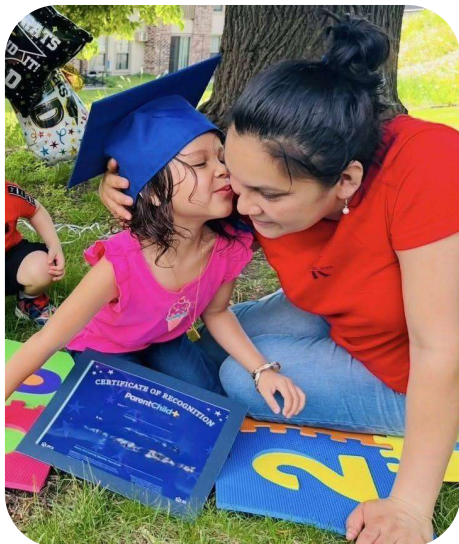

GOAL 3: CHILDREN ARE HEALTHY

✓ **95%**

of parents reported that their children have up-to-date immunizations

✓ **96%**

of parents will report that their children have completed an annual well-child check-up

“Our programs not only help families who need **extra help**, we give parents the **confidence** to use the **skills** they’ve had all along to be their child’s **first teacher**.”

SUPPORTING FAMILIES THROUGH **METRO SURGE**

When Metro Surge began, ParentChild+ staff quickly mobilized shifting to virtual visits for families with safety concerns and delivering program materials and essential items, including over **145 emergency food boxes**.

Compared to their socio-economic peers, ParentChild+ children are:

50% more likely to be ready for kindergarten

50% less likely to need special education services by third grade
